15:15 The END

Please note that the program may be subject to change.

Speaking inquiries may be directed at 5gconference@nukib.cz.

The organizing entity, the National Cyber and Information Security Agency of the Czech Republic, is happy to announce that, due to virtual format, it would be encouraging „virtual networking". If any of the speakers or participants wish to be connected for bilateral talks, we are happy to facilitate the contact, upon the agreement from both sides to share contact details. Simply reach out to the organizers via 5Gconference@nukib.cz or through one of our Cyber Attachés to request the introduction to the wished individuals/organization. Please use „Networking" as the subject line.
